

# Vicmap Change Notice

Vicmap Change # 228

Date of Notice : 19<sup>th</sup> May 2017

## Notice of Intention

## Vicmap Admin - Addition of ABS LGA code

### What is happening?

A new column ABS\_LGA\_CODE VARCHAR2(5) will be added to the Vicmap Admin LGA datasets; LGA\_POLYGON and AD\_LGA\_AREA\_POLYGON.

This 5 digit LGA code is used by the Australian Bureau of Statistics (ABS).

### Why is this change occurring?

Adding this column will facilitate interoperability with ABS datasets.

The existing LGA\_CODE will continue to be used throughout the Vicmap products and is still the preferred code for LGAs within Vicmap.

The column ABS\_LGA\_CODE already exists in VMREFTAB.LGA.

### Who will it affect?

This change will affect all users of Vicmap Admin. IUF customers will not be affected as part of this change.

### When will the change occur?

This change will be implemented after 16th June 2017.

For changes to Vicmap Products, go to the [News and Bulletins](#) page.
